## NASIRI MID-CENTURY MODERN COLLECTION

Embodying and embracing the current revival of minimalist sophistication, the midcentury modern collection by Nasiri is a study in fine art and quality craftsmanship. Characterized by clean, well-designed lines, the Nasiri Collection rugs possess a superior quality and versatility that stands the test of time, with each rug made of fine vintage wool, cotton, and goat hair.

Nasiri continues the tradition of Mazandaran flatweaves with a collection inspired by the kilims that were woven by Irani women in the Mazandaran Province in northwest Iran. These rugs have been around for hundreds of years but were only recently discovered in the last decade or so. By employing expert artisans, who apply the same ancient techniques and methods, Nasiri produces truly unique pieces that cater to a number of different design aesthetics.

- 1. CAT AS EXPLIBUS, OCCABO.
- 2 UT EOSAM IN CONSEQUA IUM DITATUS
- 3. BO. ET DOLORUP TATUR, OFFICAE
